

OPAL Term 6 Assembly

Responsibility

- **Everyone** needs to help tidy up at the end of play times. If you are near any equipment when the tidy-up whistle goes, pick it up and put it away.
- Opal Squad – remember to wear your yellow bibs on your duty day. Please keep making sure equipment is being used properly and also being put away neatly.
- Each class can send out 4 extra volunteers on their Squad day to help get equipment out.

Water play

- **No** pipes/tubes in your mouth
- To reduce our water usage, soon we will be getting a water butt that will be filled up and you will take water from this for your water play – once this water is all gone, that's it!
- When we get the water butt, you will no longer use the outdoor tap

Cable reels

- If you are rolling along or standing on top of the big cable reel, you **must** be on the grass and not the playground

Chalk and pens

- These must stay on the playgrounds
- All chalk and pens need to be returned to the trays/containers at the end of playtimes

Tyres

- Do not roll tyres over the track – instead, use the grass area to the end of the red playground and roll the tyres down here where there are no obstacles
- You **must** pay attention to where you are rolling the tyres and check if anyone is in the way
- The tyres are no longer going to be stored next to the water play, but instead at various points around the field

Scooters, skateboards and bikes

- You must only use these on the track or field, **not** on the playground
- The track and grass break your fall and this is important as you are not wearing a helmet

Wooden storage boxes

- There are 2 new wooden storage boxes on the KS1 playground and the red playground
- You must **not** take the lid off these yourself as the wood is quite rough and sharp – the Play Team will take the lids off for you

Red playground box – suitcases and hoops

KS1 playground box - tarpaulins

Tarpaulins

- The tarpaulins and plastic sheets can be used to make dens
- You must put them away in the big wooden storage box on the KS1 playground
- They are **not** to be used as water slides

Our Play Charter

We are all responsible for making sure everyone enjoys playtime.

We will do this by:

Having different play zones for children to choose their style of play.

Sharing the equipment and helping to put everything away.

Taking care of our play equipment and the natural environment.

Including everyone in our play.

Helping each other to play.

Sorting out problems ourselves and if we need to, talking to an adult.

Apologising if we have made a poor decision.
